

700 series

Flat panel floor stands

The 700 series Flat panel floor stands

Quick assembly models available, an ideal solution for rental purposes in combination with a flightcase.

Audipack®

It's great to have solutions...

Audipack 700 series, designed to be **displayed!**

The Audipack 700 series flat panel floor stands, presentation solutions with many advantages

The Audipack 700 series is a range of supports and stands for flat panels which offers precision combined with flexibility.

This concept complies with the functional, technical and aesthetical demands of today's professional presentation. Creating a base for numerous applications where design, safety, user-friendliness and flexibility are key elements.

A unique variety of products based on one specially designed concept. A concept that has resulted in a wide range of standardized Audipack products, but also offers the possibility of customizing, tailored to individual needs.

The Audipack 700 series is equipped with the Audipack Lock&Secure mounting system.

The perfect rental combination.

The 700 series (Quick Release) floor stands are dividable by hand and can be fitted into an Audipack flightcase including the flat panel. Available for any screen size.

Flightcases are available in different colours with optional logo prints. Please refer to our separate flightcase chapter, page 161, for more flightcase solutions.

- ▲ **Integrated ruler for screen height positioning**
- ▲ **Landscape or portrait positioning of the screen**
- ▲ **3 integrated separate cable channels per column**
- ▲ **Continuously adjustable flat panel height**
- ▲ **Standard or custom built models available**
